Goals

GOALS are things that you want to achieve in the future. Setting goals will help you to be prepared and ready for change at school or in your life.

Thinking about your goals and how you will achieve them means that you will be more prepared for your preferred occupation you prefer and willing to keep your future options open.

If you achieve a goal, set another one for yourself – maybe a more challenging one.

	What is your goal?	How will you do it?	Why is it important?	When will you do it by?
